

780023 FILTER DISCONTINUED

Effective 5/19/2006, the M&S System's AirVac part number 780023 filter has been discontinued and is no longer available for sale. Back orders will not be filled. This filter was also previously sold under the M&S Systems AirVac part number 112-602.

The 780023 filter fits the Models AV550, AV850, and VM212 Central Vacuums. As a replacement for this filter, for these vacuum models, the Model VM601 Secondary Foam Filter can be used.

The difference between the two filters is that part number 780023 is a cartridge style filter covered with a removable foam cover and the VM601 is a solid foam filter. The VM601 is the same overall size as the 780023.
