

SELECT MODELS OF AIRVAC CENTRAL VACUUMS TO BE DISCONTINUED

Six models of AirVac Central Vacuums are currently being discontinued. Stock for those six models (marked with a ‡ below) is limited to the supply on hand. Once the stock is sold out, the product will no longer be available.

Refer to the table below for model-by-model replacement product selection. The table also includes older central vacuum models that have been previously discontinued.

Eight new models of AirVac Central Vacuums will serve as replacements for all models being discontinued. Four of the new models are Red Series Bagless Central Vacuums. The other four models are Platinum Series Disposable Bag Central Vacuums.
