

MS4DCXSC CABLE STILL INCLUDED IN ROUGH-IN KITS

Product Bulletin #22 was issued to state that the Model MS4DCXSC Shielded Door Speaker Cable 75-foot roll will be discontinued as an item that can be ordered individually.

Stock is limited to the supply on hand. Once the stock is sold out, the individual 75-foot rolls will no longer be available. Only the Model MS4DCX5SC 500-foot rolls will be available.

Four rough-in kits used for M&S Systems intercom installations will still include 75 feet of the Shielded Door Speaker Cable.

The kits that include the cable are:

- dmc1H Wall Housing Kit
- dmc1HKIT Wall Housing and Rough-in Ring Kit
- dmc1HC CD Combination Wall Housing Kit
- dmc1HCKIT CD Combination Wall Housing and Rough-in Ring Kit
