

WIRELESS SMOKE DETECTOR MODELS DISCONTINUED

Several wireless smoke detector models are being discontinued or are now already obsolete. Most models can be replaced with the new Model DXS-73 supervised wireless smoke detector (Order Number SST00113).

Stock is available on some of the discontinued models, but once sold out, they will no longer be available.

The discontinued wireless smoke detector model numbers are:

MODEL #	ORDER #
DF-71K	SNA00347
DF-72/EC	SNA00352
DXS-71	SST00080
DXS-72	SST00076
DXS-72/AF	SST00111
DXS-72/EC	SST00087
DXS-72/K	SST00077
DXS-72L	SST00115
DXT-71	SNT00357
DXT-72	SNA00356
DXT-72/AF	SBT00025
DXT-72/K	SNA00364
TSD-90A	SSA00009A

New Model DXS-73
Supervised Wireless Smoke Detector

The new Model DXS-73 supervised wireless smoke detector (SST00113) is DXS format and supervised for status and low battery. It is also compatible for non-supervised use with DX format receivers.

The DXS-73 is UL Listed, and pending CSFM and MEA approval.

The following Linear receivers are compatible with the new Model DXS-73 wireless smoke detector:

MODEL #	ORDER #
DXR-702	SNR00149
DXSR-1504	SSR00070
DXSR-1508	SSR00071
DVS-1200	SSC00046
DVS-2400	SSC00036
DUAL-824	SSC00056
PERS-2400A	SSC00062
PERS-3600	SSC00066
