

## DXS-63 PENDANT/WRISTBAND TRANSMITTER TO BE DISCONTINUED

The Linear Security Brand Model DXS-63 (SST00091) Supervised 2-Button, 1-Channel Pendant/Wristband Transmitter will be discontinued.

Stock is limited to the supply on hand. Once the stock is sold out, the product will no longer be available.

An alternative replacement for the Model DXS-63 is the Model DXS-62A (SST00090A). The DXS-62A is identical in size and shape, and is supplied with the same accessories as the DXS-63. **The DXS-62A is a 1-button transmitter and does not support the DXS-63 2-button lockout function.**

For increased battery life, the DXS-62A contains larger batteries than the Model DXS-63, but does not contain an audible sounder.

For more information regarding the DXS-62A transmitter, visit its product page on Linear's Web site at:
