

## MC111 SYSTEM AND ACCESSORIES TO BE DISCONTINUED, REPLACED BY DMC-10

The M&S Systems brand Model MC111 Communication System and its accessories will be discontinued and orders will not be accepted effective October 31, 2007.

Beginning October 1st, 2007, stock will be limited to the supply on hand. Once the stock is sold out, the product will no longer be available. Some service stock will be maintained for warranty service only.

The models being discontinued are:

- MC111M Communication System Master (White)
- MC111MA Communication System Master (Almond)
- MC111DM Communication System Master with Door Release
- 111RXX MC111 Rough-in Kit
- AWPM Audio Input Wall Plate (White)
- AWPMA Audio Input Wall Plate (Almond)
- MS4X5SC Shielded Intercom Cable
- N14 Indoor Room Station with Monitor (White)
- N14A Indoor Room Station with Monitor (Almond)
- N15D Indoor Room Station with Monitor and Door Release (White)
- N15DA Indoor Room Station with Monitor and Door Release (Almond)
- N35 Indoor Room Station (White)
- N35A Indoor Room Station (Almond)
- N35D Indoor Room Station with Door Release
- N38 Large Indoor Room Station
- NME5 Patio Station Rough-in Enclosure
- NMR5 Room Station Rough-in Ring
- NMR5-10 Room Station Rough-in Ring (10-pack)
- NW14 Patio Station with Monitor (White)
