

Model 233 & CR-500W Magnetic Card Readers Discontinued

Linear's IEI brand Model 233 Magnetic Stripe Access Control Card Reader and the Model CR-500W Secured Series Weatherproof Magnetic Card Reader have been discontinued.

Electronic sub-components used to manufacture these readers have become obsolete, and quality substitute parts are no longer available.

MODEL	ORDER #	AVAILABILITY
233	0-233340	Discontinued
CR-500W	0-295340	Discontinued

✓ **NOTE: The order number 0-295340 Model CR-500W Secured Series reader has also been called a Model SS-CR500W in some older IEI literature. These are the same units. Be sure to purge both model numbers in your system.**

Model 233 Magnetic Stripe Access Control Card Reader & Model CR-500W Secured Series Weatherproof Magnetic Card Reader

All these brands are now under one name.
