

ProxKey Key Fob Design and Model Number Change

Linear's Model 0-297301 ProxKey Wiegand 125 kHz Proximity Key Fob has become obsolete and is now discontinued. As a replacement part, a new style ProxKey is now available.

The new style ProxKey can be ordered (in lots of 25) using the Model number 0-297301A. This new style ProxKey functions identical to the previous unit, and as a bonus, is smaller and thinner than the previous unit.

MODEL / ORDER #	UPC CODE	AVAILABILITY
0-297301	783950973012	Discontinued
0-297301A	093863121319	Available

NOTE: Remember update your system with the new order number and UPC code.

New Style ProxKey Model 0-297301A
 Wiegand 125 kHz Proximity Key Fob (works with certain HID 125 kHz
 formats and card readers)
