EL2DLB	Elite-36 2-Door Add-on License with 2-Reader Bundle	620-100321

- The status of all 4-Door e3-Series Elite system SKUs remain unchanged and fully available.
 - Linear's order fulfillment system has been updated accordingly, and our customer and technical service team has been notified of the change in availability of these SKUs.
- ✓ **NOTE:** Any e3-Series eMerge Elite system can be expanded by two additional doors through the purchase of a 2-Door Access Control Module (ACM) or 2-Door Expansion Module (EX Node). However, if a 2-Door ACM or EX Node is purchased, it currently cannot be upgraded to enable the two additional door ports on the ACM or EX Node panel because there is no 2-Door Add-On License available for e3-Series eMerge Elite systems. Customers anticipating the need to add three or more doors using an ACM or EX Node should instead opt for the 4-Door ACM or EX Node option.

Please contact your Linear Access & Integration team representative or your customer service representative if you have any questions at 800-421-1587.
