

International Electronics, Inc. News Release

FOR IMMEDIATE RELEASE

International Electronics Hires West Coast Regional Sales Manager

CANTON, MA, June 3, 2005 – International Electronics, Inc., (IEI) (NASDAQ: IEIBC), a leading manufacturer of electronic access control and asset management products for industrial and commercial applications, announced the appointment of Dennis Wilkerson to the position of West Coast Regional Sales Manager.

With nearly 20 years experience in the security products and systems industry, primarily in access control, Wilkerson has successfully directed multi-million dollar sales activities. His background includes technical sales, channel development, operations management and business development. He previously held sales and management positions with Alarms Unlimited, Tyco Safety Products, and Clark Security Products.

“As IEI continues to develop closer relations with our distribution channel partners and security dealers, we are fortunate to have Dennis join our team” said John Waldstein, CEO of International Electronics. “His positive reputation and ‘can-do’ attitude will reflect positively on IEI as we expand our channel and sales programs.”

Wilkerson will be based in Southern California, and have responsibility for both dealer and distributor sales programs.

About International Electronics, Inc.

International Electronics, Inc. (IEI), an ISO9001:2000 certified manufacturer, designs, manufactures, markets and sells electronic access control equipment and browser-managed security platforms used in residential and commercial security systems and wireless access control and fleet management systems for industrial mobile asset applications. IEI’s products include its Door-Gard™ and Secured Series™ access control lines, its LS line of integrated battery operated door locks, its eMerge™ browser-managed access and security management products and its line of PowerKey™ industrial access control and fleet management products. IEI markets its security management and access control products to leading distribution and electronic security installation companies, and its PowerKey™ products directly to material handling equipment users worldwide.
