Linear Deals ISC West 2014 Excitement With Product Launches, Money Booth And CEU Trainings

Las Vegas, NV – ISC West – April 2-4, 2014 – Booth 20053 – Linear LLC, a leader in residential and commercial access control, health and wellness and security solutions, is dealing out fun and excitement at the upcoming ISC West show in Las Vegas with a money booth, highly anticipated product launches, CEU certified trainings, t-shirt giveaways, and 2GIG “Blue Man” photo opportunities.

ISC West 2014 is the first trade show where the 2GIG Technology brand is featured as part of Linear’s booth. To celebrate the winning combination, Linear is giving dealers a chance to step inside a money booth and walk away a little richer. Attendees simply visit Linear’s booth, receive two product demos, and they’ll be entered for a chance to test their reflexes in a Money Booth stocked with ones, fives, twenties, fifties, hundreds and even a 500 dollar bill. They will also be given a t-shirt, and most importantly, learn about some of the most innovative and in-demand products launching at ISC.

Three of the most highly anticipated demos will include: the Linear GD00Z-1 Z-Wave Garage Door Controller, the latest iteration of 2GIG’s Go!Control Panel known as the “GC3”, and Linear’s Enterprise embedded network appliance and access control system. All three will be shown for the first time at ISC West. The company will also be showing the new e3 OneBox, which combines Linear’s award-winning, embedded browser IP-based access control platform with Digital Watchdog’s full feature DW-VMAX digital video recording capabilities, all within one enclosure. Lastly, two new PERS-4200 modules; the UMTS-3G Cellular module and the Wireless Remote Speaker/Microphone (RMS-1) will highlight Linear’s latest effort to serve the needs of dealers involved with health and wellness technology.

With new products and technologies on the horizon, Linear is investing in CEU certified trainings as well as intensive new product overviews and demos to better educate the growing dealer base about home automation, Z-Wave and its core business units. Dates and times for the trainings are as follows at the **Titian, Room 2201B:**

- Tuesday, April 1, 2014
 - 2pm - 4pm: IP Based Access Control with Jerome Bourassa
- Wednesday, April 2, 2014
 - 8am - 10am: Go!Control Security with Brian Gabrielson
 - 3pm - 5pm: Telephone Access with Jerome Bourassa
- Thursday, April 3, 2014
 - 8am - 10am: IP Bases Access Control with Jerome Bourassa
 - 3pm - 5pm: Go!Control Security with Brian Gabrielson

About Linear LLC

Headquartered in Carlsbad, California, Linear LLC is an innovator in the health and wellness, security and access control markets. Since 1961, the company has designed and manufactured more than 2,500 products for residential and commercial use. Today, Linear is focused on wired and wireless technology serving the access control, security and connected business and home needs of its dealers, customers and OEM partners. The GO!Control home management system and a growing range of Z-Wave automation, commercial entry and wellness products position Linear as a competitor in multiple growth industries for the long-term future.

Linear is a subsidiary of Nortek, Inc. (Nasdaq: NTK) a global, diversified company whose many market-leading brands deliver broad capabilities and a wide array of innovative, technology-driven products and solutions for lifestyle improvement at home and at work.
