

# FM ANTENNA MODEL D-360

**WARNING**  
INSTALLATION OF THIS ANTENNA NEAR POWER LINES IS DANGEROUS

## INSTALLATION INSTRUCTIONS

1. Install the antenna inside the roof whenever possible.
2. Perform as much antenna assembly on the ground as possible.
3. Unfold antenna elements and attach mast clamp and U-Bolt assembly.
4. Attach intercoupler and lead-in wire to antenna wing nuts.
5. Slide U-Bolt assembly up the Pole Mast and tighten Hex Nuts.
6. Dress 300 Ohm lead-in wire to the Radio Master Unit.
