**Warranty**

Linear LLC warrants this product to be free from defects in material and workmanship for 5 years. The time period will be measured using the date code labeled on the product. Linear LLC is not responsible for damage to the product resulting from the buyer’s improper handling, stocking or warehousing of the product. Any implied warranty arising from the sale of the product including implied warranties of merchantability and fitness for purpose are limited. Linear LLC shall not be responsible for any losses, damages or expenses, whether direct, consequential, or incidental arising from the use or the inability to use the product. Some states and countries do not allow limitations or how long an implied warranty lasts or the exclusion or limitation or incidental or consequential damages, so the above exclusions may not apply. The Linear LLC warranty gives specific legal rights in addition to other rights, which may exist and vary from state to state and country to country.

The warranty is limited to repair or replacement of products returned, freight prepaid, to Linear LLC, there is NO PROVISION FOR LABOR COST OR OTHER REIMBURSEMENTS OF ANY KIND.

1. Failures due to product abuse, such as negligence, improper use, and electrical surge including damage from lightning, water damage or other damage due to natural disasters are not covered by the warranty. The most common form of product abuse is surge damage caused by lightning.
2. The warranty shall also be voided by any tampering with the date code, labels or other markings on the product.
3. Products that are damaged in transit to Linear LLC due to improper packaging or by the carrier (shipping company) will not be covered under the warranty. If the product was damaged or lost by the carrier, it is the sender’s responsibility to create a claim against the carrier.
4. The user is responsible for all labor costs associated with removing, reinstalling and returning the product to Linear LLC. Linear LLC, at its option, will repair or replace the defective product. Replacements will be made from B-Stock, if an exact replacement is not available. Linear LLC, at its option, will select the nearest equivalent product. The user is responsible for freight charges to Linear LLC. Linear LLC will return warranted repaired or replacements by UPS Ground or an equivalent service. A customer may pay the additional costs for second-day or next-day service. All products returned for warranty service require a Return Product Authorization Number (RPA#). Contact Linear Technical Services at 1-800-999-5225 for an RPA# and other important details.

**SAFETY INFORMATION:**

A) Never install telephone wiring during a lightning storm.
B) Never install telephone jacks in a wet location.
C) Never touch uninsulated telephone wires or terminals unless the telephone line has been disconnected at the network interface.
D) Use caution when installing or modifying telephone lines.

**IMPORTANT INSTRUCTIONS:**

When you use your telephone equipment, basic precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

1. Read and understand instructions.
2. Do not use this product near water, for example, near a bathtub, wash bowl, kitchen sink, or laundry tub, in a wet basement, or near a swimming pool.
3. Never push objects of any kind into this product through cabinet slots as they may touch dangerous voltages.

SAVE THESE INSTRUCTIONS
**Typical Installation**

Included: (1) Expansion Jumper 24", (2) Flat Surface Mounting Ears.

(1) Disconnect Jumper (66) Labels

Security system connection (RJ-31X)

Install this jumper for normal operation. Remove to disconnect telephone service from the system.

Expansion Jumper (included)

From telephone company 4 Lines

Each line is individually surge protected to 50 Joules and 4000 Amps. Some surges contain sufficient energy that although your system has been protected, the surge circuit will be unable to provide additional protection. When this happens, the red light for that line will turn on and the module needs to be returned for service.

Mobile connectors

Solid Color

Twisted-Pair

6 position connectors

Wiring a 110 connector

Keep sheath close to connector

Untwist .5" max.

Wiring a telephone wall plate

Example

Label Card: Separate and slide labels into extrusion, or flip the label over for a blank surface.

Option: old style wall plate

Note order of colors

---

**Wiring a Cat-5 Jack**

1. Keep sheath close to jack.

2. Using a 110 punch-down tool, push wires into channels and trim. Repeat for subsequent pairs.

3. When all conductor pairs are terminated, snap on strain relief caps.
