

GC2 Panel Kit, including the Image Sensor

SKU: 2GIG-GCKIT30IMG
UPC: 8-17082-01141-7

We are pleased to announce the availability of a new 2GIG security kit that includes the incredibly popular Image Sensor powered by Alarm.com. This maximizes the security of the home or small business by combining the intrusion detection of the 2GIG GC2 security system and sensors with the ability to capture still images whenever the Image Sensor's motion is tripped. Those images can be seen on any smart phone, tablet or PC via the Alarm.com app.

Seeing is believing, whether you are just checking to see if the kids arrived home safely from school, or to capture the image of an intruder to help authorities identify the offender.

KIT INCLUDES:
