STANDOFFS FOR INTEGRATED MEGACODE AND CELLULAR RADIO

ROOM FOR OPTIONAL POWER-SUPPLIES AND BATTERIES
**Key Benefits**

- Multi-Unit, Multi-Door Browser-managed system with embedded Linux OS, MySQL database engine, and web server for fast and easy installation and management. No need for a PC or a server. Learn-one-learn-all architecture.
- Incredibly durable ArmorTech housing stands against all elements.
- Remote Management Console (RMC) for development of services to drive higher RMR option.
- Compatible with all modern telephony connections for easy and fast installations.

**Hardware features (across all e3 Entry line products)**

- Works all types of 2 wire telephony
- Megacode Radio Included – Initial release will include WOR (not available on the EN-EXN and EC Models)
- Integrated TCIP Port, RS485, RS422 Port (Pbus)
- Integrated TTY Port (TTY is not on the EN-EXN)
- Internal reader mounting maintains clean design

**Common Software features (across all e3 Entry line products)**

- One Common Database for Tele Entry and Access control
- Common programming interface to e3
- All software upgradeable to enhanced features. (LTG)
- Upgrade via cloud / PC or USB
- Remote Management Console “RMC” Option

---
