### Linear LPWKP-G Keypad

---

Nortek Security & Control is introducing a neutral colored keypad by request from its customers for its Linear branded professional GDO product line. This product offering will be in addition to its current black Linear keypad (LPWKP) and an option when dealing with applications that are more suitable for a neutral colored keypad.

The color specification of the keypad is PMS-1C Cool Gray.

The pricing will be the same as the black LPWKP keypad. The product will be available for shipment starting May 1, 2018.
